Premier Lloyd George and Marquis Curzon Say Government Can go No Farther With Ireland

COMMONS IS ADJOURNED

Prorogation is Indefinitely Postponed. Pending Settlement of The Irish Question

* The Irish Situation Today *
* Eamon De Valera: "We cannot and will not accept the British terms." *
* Lloyd George: "We have offered everything that we possibly could." *
* Marquis Curzon: "The government has gone to the extreme limit in its concessions to Ireland." *

London, Aug. 19.—Lloyd George, in the House of Commons and Marquis Curzon, in the House of Lords today, told the British Parliament that the government had gone the limit in its offers to Ireland.

"The government has gone to the extreme limit in its concessions to Ireland," Marquis Curzon declared.

After the prime minister's statement, the speaker declared the House of Commons adjourned until October 18.

The prorogation is indefinitely postponed, pending settlement of the Irish question.

The British foreign minister continued:

"The only possible criticism of the terms is that they are too generous."

"We have offered all that is possible without compromising the safety of the realm, the sovereignty of the crown and the unity of the empire."

"It is inconceivable that Ireland should consent to a resumption of the quarrel," Curzon continued.

"Separation would infallibly mean the economic ruin of Ireland."

"If the government is challenged it will not quail before its difficult task."

While Curzon was telling the Lords that the government had "gone to the extreme limit in its offers" Lloyd George reported to the Commons that "the government has already said all it has to say in its letters to De Valera."

SOUNDS WARNING ON AUTOMOBILE TITLES

M. J. Glenn, Member of State Auto Police Department, Calls Attention to New Law

VISITS THIS PART OF STATE

M. J. Glenn, member of the state automobile police department, is making a tour of this section of the state to sound a warning to owners of automobiles that they must obtain certificates of title for their machines by September 1 under the provisions of the act passed by the last general assembly.

Glenn is the first state auto policeman to visit this section and announced that he would make the trip over this district three times a week in the future. He travels out of Indianapolis and goes east to the state line and back, visiting Shelbyville, Brookville, Rushville, Connersville, Liberty, Cambridge City, Richmond and intermediate points.

Motorcycles are used by members of the department who cover large districts. Mr. Glenn reported a large hole in the road between here and Connersville probably due to the heavy rain of Wednesday, and stated that he narrowly escaped striking it. Several weeks ago his motorcycle struck fresh gravel near Brookville and he was thrown from the machine, suffering a severe injury to his knee.

New Time Table is Announced For The Red Line

The new time table for the Indianapolis & Cincinnati traction line, which was announced last Monday, will take effect Sunday. Cars will hold closely to their old running time, but have slightly additional time on each run. The limiteds will require six minutes and the locals seven minutes longer for the trip between Indianapolis and Connersville. The late cars will all be locals, but will run on somewhat faster time than the other locals. There will be four limiteds a day each way on the local division.

Economy in operation and the reduction of layover time for the trainmen are the reasons for the changed schedule. Red Line officials think that the new schedule will accommodate patrons of the company better than former schedules.

ANOTHER HOLD-UP ATTEMPT REPORTED

Police Called to Covered Bridge on Winship Pike Where Robbery Took Place Monday Night

ROBBERS FOILED THIS TIME

Place Logs Across Road to Stop Traveling Salesman But he Escaped—Tells Story at Milroy

An attempted hold-up was reported last night shortly after nine o'clock to the police, the affair being said to have taken place in the same spot where H. C. Magill was held up Monday night, and when the police investigated the alleged thieves had made their escape, but two logs were found across the road.

A traveling man, whose name was not learned, was driving south on the Winship road and when he came to the covered bridge, two logs were thrown across the road to halt him. When he slowed down he at once realized that he was going to be held up when he saw two men nearby and another automobile.

Instead of stopping, he took a chance on getting away, and drove his machine into the ditch and went past the logs. In Milroy he told several people the story, and among them was a man who said his name was Fisher, who was coming to Rushville. He called the police and Patrolmen Nicholson and Jenkins made a hurried trip to the bridge and found the two logs across the road. The automobile had disappeared.

Fisher said that he had considerable money with him, and wanted the police to help him get by the covered bridge.

Whether the alleged robbers answered the description of those who held up Mr. Magill last Monday night and stole \$40 from him, could not be determined as the police had no conversation with the traveling man who told the story at Milroy about the attempted hold-up.

The two night policemen are not on duty during the day and there was no way to get in communication with them. Chief of Police Wilfong said that he knew nothing about the reported hold-up as he had had no report from the night police regarding it.

A woman stood in the background when Mr. Magill was robbed, but there was no report of a woman being implicated last night. The fact that the attempted hold-up was at the same place as the one Monday night led to the belief that the same persons were responsible for both.

\$100 WORTH OF DRUGS FOUND

O'BENCHAIN MAY BE ASKED TO TESTIFY

Attorney For Former Wife Will be Required to Testify Before Grand Jury Regarding Murder

NEW WOMAN IN THE CASE

(By United Press)
Los Angeles, Calif., Aug. 19.—Ralph O'Brien, Chicago lawyer, now here to defend his divorced wife, on a charge of murdering the man for whom she left him, may be called before the grand jury, Deputy District Attorney Keys announced today.

He will be required to tell the grand jury the substance of the evidence he is said to claim to possess which will show Madalynn innocent and will point to the guilty one.

He is said to believe that he will not be called on the ground that he is an attorney for the defense.

Mrs. Manuelita Balk with her husband appeared at the office of the sheriff today and was questioned about the murder of J. Belmont Kennedy. She denied the implications that Kennedy's love for her were entirely without foundations. "I had nothing to do with the case and know nothing of his murder," she stated.

NEXT SESSION TO BE A CENTENNIAL

Flatrock Baptist Association Will Celebrate Hundredth Anniversary of Founding

1921 SESSION HELD THIS WEEK

The annual meeting of the Flatrock Baptist association, which was held this week at the Pisgah Baptist church in Shelby county and was attended by fifteen members of the First Baptist congregation of this city, together with the pastor, the Rev. Reno Tacoma, will be a centennial session next year and will be held at the Smithland church in Shelby county. It will mark the hundredth anniversary of the founding of the association.

The Rushville church extended an invitation to entertain the association at the 1922 meeting, but Smithland was given preference on account of having been awarded the annual session once before and being able to hold it on account of the church burning down. A new church is now being completed and for this reason their invitation was accepted. The Rushville church was promised, however, that it would get the 1923 meeting.

The Rev. Mr. Tacoma delivered the sermon at the close of the meeting Wednesday afternoon. The association is composed of twenty-six churches in Bartholomew, Decatur, Rush, Fayette, Wayne and Shelby counties. Officers for the next year were elected as follows: Moderator, Rev. John Reece, of Shelbyville; Clerk, J. O. Bryson, of Waldron; director of men's work, Rev. Roy Reece, of Cambridge City; director of young people's work, O. D. Martin; director of women's work, Mrs. Laura Prior, of Bartholomew county.

EMPLOYEES ARE VICTORIOUS

Rail Labor Board Upholds Seven Important Rulings Today.

(By United Press)
Chicago, Ill., Aug. 19.—Railroad employees throughout the country won a victory today in the decision reached by the United States railroad labor board. The decision upheld seven of the important rulings of the national agreement granted workers while the roads were under federal control.

The principal of the eight hour day was upheld by the board, the ruling granting the men time and a half over time for Sundays and holidays; also time and a half after their eight hours.

MINERS DRIVEN FROM THEIR WORK

Fireman and Engineer at Glendora Mine Near Sullivan Obey Orders of 50 Masked Men

INSTRUCTED TO "BEAT IT"

Another Development in Rebellion of Miners Against Policy of The Mine Bosses

(By United Press)
Sullivan, Ind., Aug. 19.—Fifty masked men swooped down on the Glendora mine near here last night and ordered Fireman Roy Settles and Engineer John Brown to "put out your fires and beat it".

Settles and Brown obeyed the order and no violence was attempted. A similar raid was conducted last Saturday night against the Peerless mine where Fireman Samuel Cobb and Engineer William Fry were ordered to leave.

Although authorities are seeking to capture the leaders of the gang, they are as far from capture as last Sunday following the activities at the mine.

This is another development of the rebellion of the coal miners against the policies of their mine bosses whom they declare showed preference to certain workmen.

Three mine bosses were driven from the county under threat of mob violence a few weeks ago. The vigilantes are thought to have assembled at the cross roads near Glendora mines and went from there to the mine.

The identity of each member of the gang was carefully hidden and Settles and Brown were unable to give a clear description of the men to the police.

All miners at the Peerless and Glendora mines and several other miners in this vicinity are on a strike in support of the raids against the mine bosses. They will not allow any miner to work during their absence.

WILSON ELIMINATED FROM CONSIDERATION

President Expected to Select Democrat for Disarmament Delegation Who Will Please Party

THE TWO MOST MENTIONED

(By United Press)
Washington, D. C., Aug. 19.—Woodrow Wilson and those who support him most strongly in his fight for the league of nations have been eliminated in consideration for a democratic member of the American delegation to the disarmament conference it was learned today.

In administration circles it was made plain that Wilson who was suggested by Senator King, of Utah, would not be named. At the same time, it was regarded as unlikely that President Harding would go to the other extreme and select any other Democrat who had openly opposed the League because of the danger of alienating the Democratic support he is now receiving on the conference.

The process of elimination has so far resulted in making the names of Senator Underwood of Alabama, and Senator Pomerene of Ohio, stand out as the most likely of Democratic candidates. Harding is said to be considering the appointment of one of them, which according to all indications would please the majority of Democrats.

It is now possible that the session of the conference will be held at the Pan American Union and the D. A. R. hall and the Corcoran Art Gallery, both near the Union building will be offered for committee meetings during the conference. More than 10,000 persons are expected.

LOCAL PEOPLE ARE INJURED

Mr. and Mrs. George Wiltse Hurt in Accident Near Monroe, Ind.

(By United Press)
Bluffton, Ind., Aug. 19.—George Wiltse, owner of a Five and Ten Cent Store in Rushville, Ind., and his wife and Benjamin Reeding, owner of a Five and Ten Cent store in Greenfield, Ind., and his wife, were slightly injured today when their sedan turned turtle when the machine struck fresh gravel, ten miles from Monroe, Ind. The party was on a motor trip to Detroit, Mich., but on account of the accident they will not continue their journey. All members of the party were slightly bruised and cut, but none were thought to be seriously injured.

APPEAL SENT TO SUNDAY SCHOOLS

"Every Sunday School Save an Orphan" is The New Call of The State Near East Relief

RECITES TURKISH CRUELTY

Superintendents Receive Copies of Endorsement Given Aid by U. S. Convention

"Every Sunday School save an orphan" is a new call of the state Near East Relief organization in an appeal now being placed in the hands of Sunday school superintendents in Rush county.

The appeal from state headquarters vividly recites the misery of the oldest Christian nation in the world gradually being exterminated from the Bible lands of Armenia and other countries of Asia Minor by Turkish hatred and cruelty and pleads for aid for more than 100,000 children orphaned by war and ruthless slaughter of their parents. "The boys and girls and men and women of our Sunday schools and churches heard the cry and hurried to the rescue," the appeal says. "It was a great exhibition of Christian love, the result of which is that many thousands have been saved and are alive today who otherwise would have perished."

It is stated that in one area where the relief organization has 35,000 children under its care the average age is below nine years. To forsake these little ones now means an appalling calamity of starvation and death while to continue the work means the saving of a nation through its children. Our slogan is "Every Sunday School in Indiana save one or more orphans." Will you not respond to the orphan hands stretched out to you from across the sea from far off Armenia? "Times are hard" but we are not starving. Remember the priest and the Levite and a certain Samaritan. Surely the Christians of the Near East have fallen among thieves. What would Jesus do?"

With the Sunday school appeal superintendents are receiving copies of a strong endorsement given Armenian orphan aid by the Indiana State Sunday school convention held at Lafayette in June in which it is declared "We hear the voice of the Master in the starving cry of these little ones."

All contributions should be sent to Thomas C. Day, treasurer, 403 City Trust Building, Indianapolis.

SEEK ANOTHER BOOZE SHIP

Cleveland, Ohio., Aug. 19.—Police today were keeping watch for another booze laden ship reported to have sailed from Canada and controlled by the same alleged whiskey ring as the Venice, captured yesterday.

SENSATIONAL STATEMENT

Kansas City, Mo., August 19.—Samuel R. Harris, of New York, in a sensational copyrighted statement published by the Kansas City Herald today declared he had been hired to assassinate Mrs. Fifi Potter Stillman. He said he did not know who was back of the proposed murder.

COUNTY'S BALLOTS DELIVERED TODAY

Loren Martin, Clerk of Court, Goes to Indianapolis For Special Election Allotment

10,932 FOR THIS COUNTY

Precinct Election Boards Will be Appointed Saturday by The County Commissioners

Loren Martin, clerk of the Rush circuit court, went to Indianapolis today to get Rush county's allotment of ballots for the special election which will be held here Tuesday, September 6, to vote on the thirteen proposed amendments to the Indiana state constitution.

Rush county has been allotted 10,932 ballots and 75 absent voters ballots, making a total of 11,057. Each county also receives two thousand additional ballots to be held in reserve for emergency use.

Mr. Martin will perform the duties of the election board for the special election, it was stated at the clerk's office today, although the state attorney general has ruled that the clerk is authorized to employ as much clerical assistance as is necessary to distribute the ballots and canvass the vote.

A few days before the election the clerk will place in the hands of the thirty-one precinct inspectors in the county, the estimated number of ballots which will be required and other supplies. The members of the precinct election boards will receive the same pay as precinct boards at regular elections.

The statute providing for the special election contemplates that it shall be conducted with as little expense as possible. There is no partisan question involved in the adoption or rejection of any of the proposed amendments and the legislature did not believe it necessary to provide for a full election board to canvass the vote.

The election will be conducted in the same manner that all other elections are held and the same general laws will be applicable. The board in each precinct will be composed of but three members. In this county the inspector and clerk will be recommended by the Republicans and the judge will be a Democrat. The appointments will be made Saturday by the county commissioners. The formality of the registration law will be dispensed with and citizens who have established legal residence and are twenty-one years of age or more will be entitled to a

STILT-WALKING TO BE MAIN ATTRACTION

Envoy Ellis Has New Pair of 11-Foot Stilts Made for Annual Salvation Army Picnic

TO SERVE DINNER AT NOON

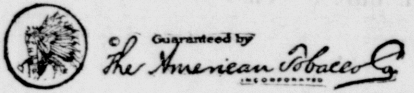

Captain Millman of Newcastle will assist Envoy Ellis of the local Salvation Army in entertaining the children of Rushville at the annual Salvation Army picnic to be held in the city park next Tuesday, Envoy Ellis announced today.

The premier attraction of the picnic will be a performance by Envoy Ellis, converted clown, who walks on high stilts. He has had a new set of stilts made. They are two feet taller than the ones he was using and will put him eleven feet up in the air when he does his stunt. Envoy Ellis recently toured the state with the Salvation Army band of Detroit.

Dinner will be provided at noon for all of the children, who will number approximately two hundred, it is expected. The Rotary club will provide the watermelons for the dinner and also automobiles to take the children a ride about four o'clock in the afternoon. Other organizations will be solicited for contributions for the dinner. Many stunts in addition to the stilt-walking, are being arranged.

JULY RECEIPTS ARE LARGER THAN YEAR AGO

Hunting Licenses Sale Corroborates Opinion Public Appreciates Efforts Being Made

LAW STIMULATES RECEIPTS

Indianapolis, Ind., Aug. 19.—July receipts of hunting and fishing licenses sold in Indiana aggregated \$2,036.18 in excess of receipts for the same month in 1920, according to George N. Mannfeld, division chief of the state conservation department. It is surprising Mr. Mannfeld says but it only corroborates the opinion of department officials that the public appreciate the effort being made to improve piscatorial sport in Hoosier waters.

There was some apprehension that the new closed season on bass and blue gills from April 30 to June 16, their nesting period, would cut serious inroads in license sales. Instead the law has stimulated receipts and in the meantime because of this protected season Indiana waters benefited as a splendid crop of baby fish was reproduced naturally.

NEW YORK STOCK MARKET

(By United Press)

(August 19, 1921.)

New York, Aug. 19.—A large volume of selling in the stock exchange during the first half hour today exerted considerable pressure on the whole industrial list.

New lows on the movement were recorded in Westinghouse Elec at 40 1-4 and Cuba Cane Sugar preferred at 18 1-4. Even stocks which generally have displayed better resistance in recent sessions, showed immediate signs of the pressure.

American Car and Foundry and Pullman sagged some. Steels common was depressed below 74 while Studebaker got into fresh low ground at 67 1-4. Famous Players was one of the few strong points in the list, advancing two points to 52 1-2.

The stock market opened irregular. Prices included:

U. S. Steel 74 1-8, up 1-4; Mexican Petroleum 93 1-2, up 3-4; Texas Company 33 7-8 up 1-4; Pennsylvania 37 7-8, off 1-8; General Asphalt 44 1-4, up 1-4; Sinclair Oil 17 1-2 unchanged; General Electric 112 3-8, off 1-4; U. S. Industrial Alcohol 45 1-2, up 1-2; Famous Players 51, up 1-2; Westinghouse 41 1-2 up 1-4; Baldwin 74 1-2 unchanged. Studebaker 67 off 3-4; Reading 67 3-4, up 1-4; American Car and Foundry 122 3-8, off 1-8; Crucible 53 3-4, off 1-2; Panamerican petroleum 41 1-4 off 1-8.

Every Phase Of Life Reflects Famine Sweeping The Country

Editors Note: Miss Eda Treat O'Neil, American writer who has been in Russia for several months with unusual opportunities for observing life in the soviet republic, has emerged just as the American relief commission is preparing to enter the country.

In three articles written for the United Press, Miss O'Neil describes conditions as they are now in Russia. The first article herewith tells of the general Russian attitude toward the famine.

By EDA TREAT O'NEIL
(Written for United Press)

(Copyright 1921 by the U. P.)
Reval August 19—The shadow of famine looms large today in Russia. Every phase of life is beginning to reflect it.

Where and how to obtain food is the thought uppermost in the minds of everyone.

Values at present are reckoned according to one standard—the amount of food which a given article represents. The food situation which is due in part to last years poor crop and has been growing more and more critical since February was the biggest problem in Russian life even before famine developed in the Volga region.

The re-establishment of commerce and the legalizing of trade in

markets and shops, under the new regulations, has bettered the situation somewhat.

The markets are the busiest places in Moscow and Petrograd. Thousands of people go there daily to buy and barter. The latter is the most common, because roubles are scarce and low in value and the peasant is as eager for city products and finery as the city dweller is for food.

At the market the city dweller trades his cigaret lighter made at home after factory hours, or his wife a handkerchief she has just embroidered.

Household effects and personal belongings are still in demand but few city folk possess now much that is saleable.

One sees no jewels of value on the market—only pathetic trinkets for the most part and rubbish that seems of no value whatever. Some times it is a cracked mirror, perhaps a cup without a handle.

I have seen a woman at the market struggling with herself. Finally with an air of decision she strips a wedding ring from her finger and lays it before a peasant who has food he will trade for a keepsake.

Generally speaking the much tried Russian folk is selling its face against famine and cholera with a splendid energy and solidarity.

House that there was great danger of misrepresentations and misunderstandings at the present stage of the Irish negotiations.

"The Irish atmosphere is always full of suspicion," he said.

"I have heard no suggestion from any part of the world, save Ireland, that this government had not gone to the very limits of possible concession in its offer to Ireland," Lloyd George said.

"We have offered everything that we possibly could in order to purchase peace and the good will of the Irish people."

Irish Prepare For Renewed War

By CLYDE C. BEALS
(U. P. Staff Correspondent)

Dublin, Aug. 19—The Irish republican army was today preparing for renewed warfare, while the Dail Eireann was reported to have rejected the British peace terms and to be formulating counter proposals.

Members of the Sinn Fein parliament will discuss the proposed counter proposals individually over the week end, will meet Monday in secret session to draft the Dail's reply and will make the public announcement on Tuesday, it was believed. Meanwhile the Sinn Fein army without breaking the conditions of the truce, was making ready for the worst.

The principal visible activity of the Irish republican army was to guard the Mansion House during the Dail's meetings. Informers, if they could get in the meeting, could gather information that has never before been generally available, as the heads of various departments of Sinn Fein were reporting upon their resources.

The couple of hundred I. R. A. troopers on guard today hardly fitted the descriptions "murderers" and "cut throats" on the contrary they appeared as clear eyed, good natured lads of the best Irish type, taking their work extremely seriously and enforcing the slightest order much more rigorously than professional soldiers.

People paid them little attention as they walked the streets in pairs, Dublin Castle whose occupants are virtual prisoners, never venturing

Hudson and Essex Prices Again Reduced

Hudson Super-Six, \$2000.00 Essex, \$1485.00

Delivered with Cord Tires.

These are the lowest prices at which these models have ever been sold.

You will understand something of the value this gives to the Hudson Super-Six when you remember that at \$2705 it was the world's largest selling fine car. Today's price saves you \$705.

Essex Further Leads All in Its Class

Everybody has always classed Essex with costly cars in performance, endurance and appearance. It combines with those qualities the economy of light cars in fuel, oil and tires. Thousands of owners report as high as 25,000 miles of every service with scarcely any maintenance cost.

More than 50,000 Essex cars are in service. For the performance and endurance given Essex had no rival at its last year's price of \$1905.

What can approach it today with this saving of \$420?

At lower prices than they have ever sold for, you can get either a Super-Six or an Essex this year and have the best months in which to enjoy it.

IS URGED TO APPOINT AN ADVISORY BOARD

Suggestion Presented to President For Purpose of Aiding Delegates at Conference

MAY CONSIST OF 6 MEMBERS

By RAYMOND CLAPPER
(U. P. Staff Correspondent)
Washington, Aug. 19—President Harding is being urged to appoint an advisory commission to assist the American delegates to the disarmament conference.

This suggestion is being put forward by some of the presidents advisers to get him out of a complicated situation which has arisen over the personnel of the proposed disarmament commission.

The American delegation is not likely to exceed six members although the number is yet to be officially fixed, and with Secretary Hughes and Senator Lodge already named, only four places at most remain to be filled.

The president may find it advisable to yield to the suggestion that the main commission be composed of persons of recognized calibre without reference to expert knowledge.

The specialists could then be grouped in an advisory commission which would be in close touch at all times with the delegation.

Got The Real Thing

"For five long years I suffered with stomach trouble and what the doctors called gall stone colic, and all said nothing but an operation would do me any good. A friend who had taken your medicine advised me to try it, and I found it to be the real thing. I feel better than I have in eight years and I am praising God for Mayr's Wonderful Remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Boosting The Rich Along

The rich man doesn't get there by his own efforts alone. The poor man keeps pushing him along. Take the matter of locomotion as an example.

There was a time when the rich man was glad to ride on a donkey or in an ox cart. The poor man walked.

Then some ancient genius devised the carriage for the benefit of the rich. The poor man climbed into the old cart or straddled the donkey.

But the man of nothing was not satisfied. He wanted something. He commenced to climb into the carriage. In time he began to own them.

With the poor man bowling along in his carriage, the rich man began to think himself of a new toy—one beyond the reach of common folks.

The automobile made its appearance, with its honk in front and its smell trailing along behind.

The rich man was again in a class by himself. He whizzed by old Dobin and scared him out of his wits or drove him into the ditch.

But it didn't last. The poor man was stubborn in his determination to keep the pace. He declined to stay down.

Again time worked its wonders. It saw the poor man climbing into the rich man's car. Today it sees him owning his own car.

But evolution continues to work. The rich man is now only one of many. He has no class of his own. Therefore he is turning his eye toward the aeroplane as a means of locomotion.

Some day he will abandon his car and travel in the air—again above the common herd.

But even that will not last. There will be no secularity for him even in the clouds. The poor man will get there, too.

It is a great race, with the rich sprinting to keep a few laps ahead and the poor man following with mighty leaps and bounds in his efforts to keep abreast.

That, if you please, is one way in which the poor man is pushing the rich man along.

Some day they may both attain wings—in another world.

A Reasonable Suggestion

Secretary of Labor Davis has asked Congress to enact an amendment to the percentage immigration law passed last spring that will fix a minimum quota of immigrants that may be admitted in any one year from any nation. He suggests that 1,200 may well be fixed as a reasonable number. As the law reads at present, only 3 percent of the total of any nationality in this country in the census of 1910 may be admitted annually. Formerly Australia, New Zealand, and certain other countries sent 1,000 or more desirable immigrants to the United States each year, but under the new law they would be permitted to land only about 200. With a

minimum fixed at 1,200 more immigrant from those countries would be admitted, but the immigration from Europe would not be affected as practically all European countries send far more than that number annually.

Twenty million people are said to be facing starvation in Bolshevik Russia. Possibly they represent that portion of the population that has not embraced Bolshevism.

There is always happiness in this world for some one. As the summer wanes the tears of the ice dealer brings cheers from the coal man.

It may be true that there is no rest for the wicked. In fact, experience only confirms us in the belief.

When the unexpected happens most people immediately find that they were expecting it.

Flattery never bothers some people. They never get it.

Current Comment

Mr. Harding, Business Man

(Kansas City Journal)

If there is anybody in America who ought to know a business man when he sees him that man is John Wanamaker, who has been actively engaged in huge business enterprises for more than half a century and looms as one of the great figures in the nation's commercial life. Asked as to his view of the business outlook Mr. Wanamaker replied:

"I'll tell you the greatest business man in the United States today is the president. I feel that we have never had in the White House a man of such wide experience and one so capable of meeting all the problems that come before him. That fact, fairly considered by all the business men of the country, should bring them courage for the future."

This is not the perfunctory tribute of a Republican of national stature to the titular leader of his party. It is the dispassionate conclusion of a merchant prince whose vast experience qualifies him to sit in judgment upon the qualifications of any man elected president of the United States on a platform which was essentially industrial.

For above all other things the people committed the administration of their affairs to President Harding and the Republican party for business reasons. The war was ended, bringing in its train enormously diversified problems of economic reconstruction. Patriotic considerations did not enter into the situation.

The voters may not have reflected that the Underwood tariff had roughed the country to the verge of industrial depression when the war came and literally "saved" the Wilson administration. But they did know that the country had always been prosperous under Republicanism and the most conclusive object lessons had been forced upon them to prove the danger of committing the nation's business to Democratic hands.

Wilson was not elected the first time because the people wanted any changes in the policies controlling their business affairs. He was least of all elected the second time for industrial reasons. His administration was overwhelmingly repudiated last November, however, primarily for the soundest of business reasons, from which the menace of foreign entanglements cannot possibly be dissociated.

The confidence which Mr. Wanamaker has reposed in the president, speaking for the business world has been vindicated by every act of the executive since his election and inauguration. His attitude on all the great issues confronting the country

has been that of a business man of the soundest judgment. He has not hesitated to oppose important elements which threatened the wider interests of the people as a whole. He has not hesitated to oppose other elements possessing an influential and sentimental appeal, when opposition meant serving the broader welfare of the country. He has insisted, to the utmost of the executive prerogative, though never justifying the charge of "usurpation", upon the complete fulfillment of the party's pledges to the people consistent with necessary deliberation.

These facts are the basis for the increasing confidence which Mr. Wanamaker expresses, that not only is the country's business future promising but that it rests upon the solid foundations laid by a leader whom a great business man cordially declares to be "the greatest business man in the United States".

TOOK ALL HIS GRIT TO STAY ON HIS JOB

Evansville Railroad Man Had Suffered Fifteen Years—Is Now in Fine Health

"Only a good medicine could knock out rheumatism of fifteen years' standing like Tanlac did for me and I'm willing to go to any reasonable length in endorsing it," said Loren R. Peck, 1032 E. Columbia St., Evansville, Ind., well-known railroad man employed at the L. & N. shops.

"I was in such a bad fix it took all the grit I had to stay on the job. My arms and fingers were so stiff and sore that I couldn't handle a wrench or a hammer to do any good, and when I tried to get under a car or bend over the muscles of my back would hurt me so I couldn't straighten up. I couldn't eat what I liked, and if I ate cabbage or anything of that sort it made me sick and I tasted it for days. I felt tired all the time and became so weak and nervous I couldn't rest at night."

"Tanlac just made a clean sweep of all my troubles. My rheumatism is gone and I'm in such fine shape I can do as much work as any man in the shop. I eat anything I want, my digestion couldn't be better and I sleep all night like a log. I have gained twenty pounds in weight, too, and feel as well and strong as I ever did in my life. Tanlac certainly brings results."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

NOTICE

For The Improvement of Highway in Walker Township, Rush County, Indiana.

Notice is hereby given that a petition has been filed in my office for the grading, draining and improving with gravel of a certain highway in Walker Township, Rush County, Indiana, petitioned for by Thomas K. Mull et al., which petition is in words and figures as follows, to-wit:

STATE OF INDIANA, COUNTY OF RUSH, SS:

To The Honorable Board of Commissioners of the County of Rush, State of Indiana:

The undersigned petitioners show to your Honorable Board that this petition is signed by at least fifty freeholders and voters of Walker Township, Rush County, Indiana. That there is an existing public highway in said Township described as follows: Beginning at the intersection of Main

and Cross Streets in the town of Manilla, Rush County, Indiana, and running thence in a southerly direction to the Section line between Sections fifteen (15) and twenty-two (22), Township thirteen (13) north, Range eight (8) east; thence west to the southeast corner of the southwest quarter of said Section fifteen; thence south to the south line of said section twenty-two; thence west to the southeast corner of the west half of the southwest quarter of said Section twenty-two; thence south to the township line, which is the dividing line between the townships of Walker and Orange, said County and State.

Your petitioners respectfully petition that said highway be improved by grading, draining and paving the same with gravel or stone or combination of same, and that the width of said highway be established as thirty feet. That all necessary drains and side drains, bridges, culverts and sewers therein be so constructed as to make said gravel road a complete gravel road.

Said petitioners further show that said Walker Township has no incorporated town or city within its borders. That said road will be of public utility and it will be of public utility to grade, drain and pave the same herebefore set out, and that the costs thereof will be less than the benefits derived therefrom and that said road will not pass through or into any incorporated city or town. Said petitioners further show that said road is less than three miles in length, to-wit: 2 3/4 miles more or less; that it connects with a free gravel road on the north and with a township line on the south and your petitioners pray for the improvement of said highway in all things in accordance with Sections 62 to 83 inclusive of the Acts of the General Assembly of 1905, entitled An Act Concerning Highways, and all acts amendatory thereof and supplementary thereto.

That all of said proposed road is traversed by a Rural Route with the exception of one-half mile, more or less.

Rio de Janeiro, (By Mail)—Participating under the colors of the Fluminense Football Club, Fred Nabor, Wabash College '20, took six first places in the inter-club meet for the Federal district, having previously established new national records in the shot-put and javelin throw during the club meet a few weeks ago.

Beside the javelin and shot-put, Nabor won the following events: High hurdles, 100 meters and pole vault. He was not entered in additional events, the six first insuring a victory for his club.

The American athlete has attained great popularity in Brazilian circles, the fact that he wears a Phi Kappa key contributing to his prestige. The Brazilian appreciates a good scholar even more than a good athlete.

Nabor is employed by the Standard Oil Company, recently having been transferred to Santos, and coming from that city to participate in the meet.

Athletes of all kind have received tremendous impulse from the interest aroused by Brazilian participation in the Olympic games. The Fluminense Club has completed one of the finest athletic homes in South America at a cost of nearly \$2,000,000.

FRENCH GIRL TO MEET U. S. CHAMP

Suzanne Lenglen Will Play Mrs. Molla Mallory For World's Tennis Championship

CUP WILL BE OFFERED

Match Set For First Week of Next Month and Will Feature Davis Cup Challenge Round

By HENRY S. FARRELL
(U. P. Staff Correspondent)
Forest Hills, N. Y., Aug. 19—Suzanne Lenglen, the French marvel and Miss Molla Mallory, American champion, will play for a cup emblematic of the world's tennis championship here during the first week of September.

Official announcement of the match is expected today. The West Side tennis club which is offering the cup, secured the agreement of both principals.

The match probably will extend over three days and will be played as a feature of the challenge round for the Davis cup.

It is planned to make the championship an annual fixture here and to place the new cup on a similar rating with the Davis cup.

Mlle Lenglen says she is willing to compete for the cup and that she welcomes an opportunity to play for a real championship.

The American champion also is willing to play.

Semi finals in the woman's national championship tournament will be reached this afternoon with two Californians in the feature match.

Mrs. May Sutton Bundy is to play Mrs. Mallory in one match and the other will be played between Miss Mary K. Browne and Mrs. S. V. Hitchins.

Mrs. Mallory is expected to win over Mrs. Bundy although it is sure that she will be forced to her best tennis and will have to be in top game to do it.

Miss Browne on form should win from Mrs. Hitchins without much trouble, making the final round tomorrow between the Santa Monica girl and the Norse woman.

"ALL STAR" TEAM IS ORGANIZED HERE

Number of Rushville Ball Players to Play Road Teams—Managed by Billy O'Neil

"OLD TIMERS" IN LINE-UP

Another baseball team has been launched in Rushville, and will be managed by Billy O'Neil, and the first few games will be played with the towns in this vicinity, until local diamonds can be found. The team will present an "All Star" line-up consisting for the most part of the "old heads" at the game, and should prove to be a fast attraction for any team.

The team will be an all county aggregation, and one of the pitchers will be Yazel, who formerly was in a league, and also was a star twirler for the once famous Hamilton Krebs. "Nick" Tompkins, another old favorite, and who is still an all around player, will be in the line-up.

Other players will probably be McCarty, "Plug" Joyce, and the pick of the best players in the Rushville factories. Hobart, another all star player, will be in the infield.

The Rushville All Stars are ready to book games with Morristown, Carthage, Andersonville, Laurel or other towns, and desire a game for Sunday, August 28. Team managers are asked to communicate with William O'Neil at once for dates.

OLD INJURIES MAY HINDER ANY FIGHT

Carpentier Suffers From Knock Out by Dempsey And Will Undergo Physical Examination

HEART TROUBLE SHOWS UP

Paris, Aug. 19—Internal injuries which resulted from the body blows of Jack Dempsey, may cause Carpentier to retire from the ring without another battle.

The European champion admits that he is going to undergo a general physical examination to determine the exact nature of the injury to his thumb and to ascertain the condition of his heart and interior organs. While Carpentier did not admit it, it was learned from his friends that he has been having trouble with his heart since he was defeated by Dempsey.

Asked about the conflicting reports that he would not return to the United States to meet Tommy Gibbons, the American light heavy weight, the Frenchman said he would not be able to announce his future plans until after the examination in two weeks.

TO HAVE CHAT WITH LANDIS

Tex Rickard to Face Federal Judge For Importing Fight Pictures

(By United Press)
Chicago, Aug. 19—Tex Rickard fight promoter is to have a little chat with Kenesaw Mountain Landis, federal judge, soon.

Rickard, out on \$10,000 bond for bringing his Dempsey-Carpentier fight pictures into Illinois, is subjected to a fine of \$1,000 or a year in jail.

He was fined in New York for bringing the pictures from New Jersey. He first tried his pictures out on wounded soldiers. The public comes next.

Watching The Score Board

Yesterday's hero: Fred Bratelli, a rookie, batted for Red Faber in the eighth inning and knocked in two runs that gave the White Sox a 7 to 6 victory over the Yankees.

The Athletics knocked Sothoron out of the box and beat the Indians, six to four.

Brooklyn had an easy time taking a double header from the Cardinals 11 to 5 and 4 to 1.

Karr's double and Pittingers single in the 11th inning gave the Red Sox the first game against the Tigers, 6 to 5, and cDetroit's loose playing gave them the second, 5 to 0.

Jacobsen's homer was the only run scored off Walter Johnson, the Senators beating the Browns, 13 to 1.

Poor fielding by Phil Douglas gave the Reds a 4 to 3 win over the Giants.

The Pirates increased their lead to six and one half games by taking a double header from the Phils at 4 to 3 and 3 to 2.

Seven runs in the first inning gave the Braves a 9 to 8 win over the Cubs in a seven inning game stopped by rain.

FORD OWNERS!

You Need

Advance Cork Insert

Brake Lining

Cork Insert makes Fords work wonderfully smooth—stops shaking and rattling—makes the brake quick-acting and surprisingly smooth. Requires only slight pressure on the pedals—makes Ford driving a real pleasure.

Cork Insert is far the cheapest in the end. One set outwears three sets of ordinary lining—saves you the expense and inconvenience of relining brakes. Does away with jarring vibration—makes your Ford last much longer.

Ordinary linings get a slick surface from friction and oil. This slick surface has't any gripping power. The corks in Cork Insert always grip smoothly, instantly—and have great wearing quality.

The annual reunion of the Ash family will be held Sunday, August 21, at Shelbyville. All members of the family are invited.

Cliff Brown and children, Wallace and Edward, and mother, Mrs. Alice Brown, of south of Rushville visited Mr. and Mrs. Omer Brown of near Falmouth Sunday.

There will be a Tri Kappa meeting Monday evening at the home of Miss Charlotte Norris in North Main street. The meeting will be called at 7:30 o'clock.

Irvn Schultz's Sunday school class of the St. Paul's M. E. church enjoyed a pitch-in supper at the home of Mrs. William Brann in North Perkins street last evening. A large attendance of the class was present for the affair and an enjoyable time was spent.

Mr. and Mrs. O. J. Cook of near New Salem, have received the announcement of the marriage of their son, Willard Oliver, to Mrs. Elizabeth Douglas Stewart of Richmond, which took place in August 17. Mr. and Mrs. Cook will be at home to their friends in Pittsburgh, Pa., after September 5.

Among the out-of-town guests who arrived today to attend the Cowan family reunion which was held in the city park were: Mr. and Mrs. Harry Cowan and daughter Ellen and Miss Julia Sellers of Lebanon, O.; Mrs. Lina Hill, Mrs. Fred Brown, Miss Grace Cowan and nephew Paul Fuller, Mr. and Mrs. Peter Cowan, Miss Janie Cowan, Mrs. Fred Edean and Merle Cowan, all of Crawfordville and James Reeder of Harvey, Ill.

The annual Miller-Downey reunion was held Thursday at the M. E. church in Arlington and 125 families representing the two families were present. Twenty-five families from Wabash were present, and the reunion next year will be held in that city, at the city park. The annual event alternates between Wabash and Rush county. The officers elected yesterday were from Wabash. A bountiful pitch-in dinner was served and during the afternoon a musical program was rendered.

Twenty-five members attended the meeting of the Rebekah Crochet club held yesterday at the home of Mrs. Dora Edwards in West Tenth street. Five guests were also present for the affair. The regular business meeting was held and during the social hour the guests enjoyed the remainder of the afternoon over needlework. Dainty refreshments were served by the hostess. The out-of-town guests present were Lulu Milligan of Milroy and Margaret Wehling of Indianapolis.

Mr. and Mrs. Arthur Looney entertained a number of their friends yesterday with a pitch-in dinner at their home north east of the city honoring Mr. and Mrs. Joe Geise of Los Angeles, Calif. The centerpiece for the table was a bouquet of cut flowers. Covers were laid for Henry Geise, John Geise, Miss Bernice Geise, Mr. and Mrs. Curt Geise and family, Mr. and Mrs. Quince Geise and family, Mr. and Mrs. Dan Geise and family, Mr. and Mrs. Vernon Brooks, Mr. and Mrs. Charles Wamsley, Mr. and Mrs. Cleve Geise and family and Mrs. Cliff Wines, of Long Beach, Calif.

The first reunion of the Myers family was held yesterday at the home of O. J. Myers five miles east of this city. Seventy guests, descendants of the late Henry Myers, gathered. The reunion was in celebration of the hundredth anniversary of the farm now owned by Mr. Myers. O. J. Myers was elected president and Layton Gregg of Greenwood was chosen as secretary-treasurer. The oldest member of the family present was Marshall Blake, aged 77 years, of Indianapolis, and the youngest member representing the fifth generation, was the few months old baby of Mrs. William Wilkinson of this county.

Announcement has been made of the marriage of Miss Margaret Eyanon of Columbia City, Ind., to George W. Campbell, well known lawyer of this city, which occurred at the Catholic parsonage in Columbia City Monday morning. The bride is well known in the city in which she lived and the bridegroom has practiced law here for a number of years.

Mr. and Mrs. Campbell will make their future home near Syracuse, New York. Mr. and Mrs. Campbell became acquainted at the democratic national convention at Denver twelve years ago. The bride attended the convention with Thomas R. Marshall, former vice-president of the United States, and Mrs. Marshall, whose home is in Columbia City.

HARDING IS OPPOSED TO ECONOMIC PLANS

Wants Return to Normalcy in Finances by Slower and Natural Methods

MANY HAVE NEW SCHEMES

By RAYMOND CLAPPER
(U. P. Staff Correspondent)
Washington, Aug. 19.—President Harding is opposed to various trick schemes suggested for stabilizing international exchange, it developed today.

He wants the return to normalcy in world finance to proceed by the slower natural methods.

Holding these views the president sees little use in calling an international finance conference as proposed in a resolution by Senator King and does not intend to do so unless there should be a demand for it at the coming disarmament conference.

President Harding has taken this position in face of much pressure from economic students and many who have schemes.

Bills pending in congress designed to inaugurate schemes of stabilization will receive strong disapproval at the white house according to indications today.

REVIVAL TO OPEN MONDAY

Next Monday evening at the Richland township M. E. church a series of revival meetings will open in charge of the Rev. Miss Mildred B. Allen, who comes well recommended.

These meetings will close Sunday, September 11, which has been set apart as homecoming day. As many former pastors as possible will be present. Services will be held morning, afternoon and evening and a basket dinner will be served at noon.

Everyone is cordially invited to attend all the meetings and all former members are especially requested to come for the closing events. These meetings were originally announced to begin August 28, the change of dates being due to a rearrangement of the Rev. Miss Allen's plans.

COUNTY BALLOTS DELIVERED TODAY

Continued from Page One

ballot. The polls will be open from 6 o'clock a. m. until 6 o'clock p. m.

The matter of party affiliation will not be asked of any voter and only one form of ballot will be printed. The "for the amendment" and "against the amendment" opposite appropriate squares containing the words "yes" and "no" will be printed in connection with each of the proposed amendments. A voter may vote on each proposed amendment independently of all others. The vote on each amendment will be canvassed separately. Thus some of the amendments may carry and others may be rejected.

The interest in the proposed amendments is increasing in this county. Sentiment, apparently, is crystallizing in favor of several of them while a number of others will be rejected. The people show a commendable spirit to learn all they can about the proposed changes and the effect they will have upon the administration of government in this state.

* Finds Letters 57 Years Old *

Frank Gardner, who is razing the old brick residence just east of the Triangle garage in East Second street, owned by Richard Abernathy, discovered two old letters written during the civil war which are still legible. One of them was written on July 20, 1864 by P. P. Griffin to his parents, Mr. and Mrs. Charles Griffin, who evidently lived in the East Second street home. The other one was written to the same people by Ralph E. Carmichael, but has been almost destroyed by the mice.

* IN MEMORIAM *

Melinda Pea.

A sacred tribute of loving remembrance to our dearly beloved Mother, who fell asleep in Jesus, just one year ago today Aug. 19th, 1920.

She little thought when leaving home That she would never return. That death so soon would part us And leave us here to mourn. Could she but raise her dying head To bid a last farewell, The blow would not have been so hard. On us she loved so well. Her pain and troubles were sore. But now she sleeps and suffers no more. May her soul rest in peace.

MORE CIDER THIS YEAR THAN EVER BEFORE

Commission Houses Are Demanding Apples And Farmer Forced to Use What He Has on Hand

NOT MANY APPLES THIS YEAR

Indianapolis, Ind., Aug. 19—Indiana farmers are going to make more cider this year than ever before an agricultural authority here said today.

Commission houses are demanding apples this year like they have heretofore and the farmer is forced to use what he has on hand some way.

Worm eaten apples cannot be sold on the market because people and commission houses will not buy them. In making cider apples with worms are used freely.

There will not be as many apples this year as there have in previous years because the last frost killed them when the blooms were first on trees.

Many of the apples that have grown to any size have fallen to the ground and cannot be sold.

Cider which stands a few days and is allowed to ferment provide a "kick" for the thirsty who regret the advent of Volstead days.

KICKED BY A HORSE

John Keating, Sr., was painfully injured yesterday afternoon when he was accidentally kicked by a horse, while working on a farm north of the city. The horse kicked him just below the knee on the left leg, cutting a gash in the flesh which required three stitches to close. He is getting along as well as could be expected this morning.

Keep Your Blood Pure In Summer

Many fever epidemics are caused by impurities in the water supply and are ended only when the water is purified. Likewise, many blood disorders such as eczema, tetter, pimples, boils, blackheads and Rheumatism are caused by impurities in the blood supply and can be stopped only when these are driven out. Enrich your blood and keep it pure by taking S. S. S. You could have no better health insurance.

BERGDOLL SAID TO BE MORE PAID FOR FIRES
WRITING BIG VOLUME THAN IN STATE TAXES

Draft Evader in Germany Prepares Book to Tell How He Made His Escape From U. S.

CALLS AMERICANS BOOBS

(By United Press)

Washington, Aug. 19—Grover Cleveland Bergdoll millionaire draft dodger, now supposed to be in Germany, is writing a book about his escape from the American military authorities. This was revealed in the report of the house committee which investigated his escape.

Excerpts from a letter from Bergdoll to his mother in Philadelphia, which was intercepted are included in the report. These contain Bergdoll's charges that there were several grafters involved in his case who should be exposed.

"We are writing a book which gives away the whole swindle from beginning to end," Bergdoll wrote from Eberbach, Germany, "and the American public will wake up when they read it in the near future. We make the Americans look like a bunch of boobs before the whole world. They are all laughing at them".

Last Year More Than Nine Million Dollars in Indiana Property Was Destroyed by Fire

TAXES COLLECTED \$9,333,177

Indianapolis, Ind., Aug. 19—Indiana taxpayers pay more per capita each year for fire losses than they do in state taxes.

Last year more than nine million dollars in Indiana property was destroyed by fire. This is three hundred thousand dollars more than was paid into the state treasury in taxes.

Indiana taxpayers pay \$3.26 per year in state taxes per capita and \$3.75 or a difference of forty nine cents is paid by the taxpayers per capita on fire losses.

Taxpayers pay this difference according to the fire marshals office because the cost of insurance is included on every product which is produced from a manufacturer or dealer.

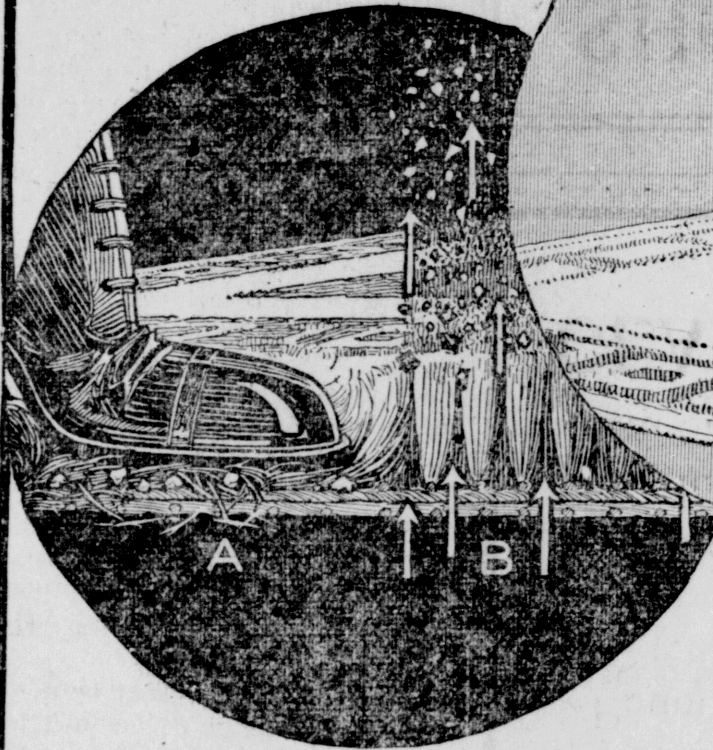

"Each dealer figures the cost of his insurance in with the article manufactured," Chester Davis, attorney for the state fire marshal's office said today.

"If his property is destroyed by fire the insurance is paid by those who have bought his wares.

The exact amount of money lost by fire last year was \$9,546,017, the amount of taxes collected was \$9,333,177.

What Wears Rugs Out?

Deep down in the nap of the rug are sharp particles—of glass, cinders, coal, rock and metal—tracked in on the soles of shoes. The nap is cut by being pressed against this sharp grit when the rug is walked on, producing bare spots, spoiling the beauty and shortening the life of the rug.

A—How the nap is cut by sharp grit when rug is walked on.
B—How America's powerful air suction lifts the grit as well as surface dirt.

Get the Grit - Save Your Rugs!

Beating, sweeping and ordinary cleaner methods remove the dirt, but fail to lift the embedded, heavy, nap-destroying grit! It takes America's far greater air volume to do this thoroughly.

The Double-Size Mouth, twice as large as others, completes your work in half the time, and also lifts the rug slightly from the floor, permitting the flow of air beneath.

The Two-Way Brush straightens the nap from both sides.

The Baseboard Dust Tunnels at the sides, clean quickly in corners and draw the dust sideways along the baseboards.

The Front Air Arch gathers hairs, lint, paper, matches, etc., without clogging the brushes.

These are patented exclusive features of

"AMERICA"
The Cleaner that Saves the Rug

without obligation or expense. Compare the dust and grit removed by America with that from sweeping or any other cleaner method. It is simply a revelation!

EX-JUDGE TO CLEAN
UP AT SHELBYVILLE

Franklin Resident Has Three Men
Arrested For Immoral Influence
On His Son

POOL, LIQUOR AND TOBACCO

Shelbyville, Ind., Aug. 19—A moral wave sweeping the city to protect youth from immoral influences resulted in the arrest of William Lipps, Henry Brothers and William Maholm.

Lipps was charged with selling cigarettes to minors at his store; Brothers was charged with permitting minors to frequent his pool room and Maholm was charged with violating the prohibition laws.

All of the affidavits are filed as the result of statements made by Ert Deupree, 17-year-old son of Edward Deupree, former judge of the Johnson county circuit court and prominent resident of Franklin. Deupree asserted he had bought cigarettes from Lipps, spent time in the Brothers poolroom and had been given liquor by Maholm with whom he associated.

The boy was brought over here by his father who said he had learned of a number of escapades which the boy had committed in Shelbyville. The elder Deupree asked that the town be "cleaned up."

Amusements

Story of Heart Appeal

The kind of a picture that fills the dimples of smiles with tears is coming to the Theatre today in "Society Secrets," a Universal photoplay of big moments in the lives of simple people.

The story was written by Helen Christine Bennett and adapted to the screen by Douglas Doty, formerly editor of the Cosmopolitan and Century Magazines. It was filmed at Universal City under the direction of Leo McCarey with pretty Eva Novak in the starring role.

An ingenious plot has been woven around two old-fashioned country folks and their three children who have covered their natural worth with an artificial veneer of social affectation.

The old folks are planning a big Christmas dinner for the children when a telegram comes saying that they can not leave the city. The old folks plan to go to them but they learn they are not wanted. They realize that it is because their old-fashioned simplicity will embarrass their children in their new environment.

How they accidentally hire the fiancée of their son to teach them society ways and how they arrive at the dinner just in time to dazzle the guests with their ultra-fashionable clothes and suave manner, forms one of the delightfully comic touches to the dramatic theme.

"Society Secrets" offers a story of unusual heart interest with a

splendid cast. Playgoers who attend the Mystic Theatre will see the lovely Eva Novak supported by George Berrell, Gertrude Claire, Clarissa Selwynne, William Buckley, Ethel Ritchie, Leonard C. Shumway, Carl Stockdale and Lucy Donohoe.

"The Faith Healer" Next Week

Healing by faith, or a demonstration of the presence of divine power in human affairs is the basic theme in George Melford's latest Paramount picture, "The Faith Healer" which will be shown at the Princess Theatre next Monday and Tuesday.

The play upon which the picture is founded, was written by William Vaughn Moody, whose play, "The Great Divide," scored success some years ago. The stage production of "The Faith Healer" also proved highly successful.

The story concerns a young shepherd who feels the divine call to go forth and heal the sick and suffering. When he is at the height of his work, love enters his life, and with the birth of his passion he feels his divine power waning. He is on the point of renouncing his mission, when it dawns upon him that love is a gift of God, and that he can entertain a pure love for the girl and at the same time go on with his work. With this comes a return of his healing power and a renewed consecration to his work, aided by the girl, who also devotes her life to his mission.

The title role is portrayed by Milton Sills, Ann Forrest is Rhoda Williams, the girl, Fontaine La Rue plays Mary Beeler, the invalid and others of importance are Frederick Vroom, Loyola O'Connor, May Giraci, John Curry and Adolphe Menjou.
